5001 East Philadelphia Street, Ontario, California 91761-2816 – USA • 909-472-4100 • 909-472-4244 • www.iapmort.org

CERTIFICATE OF LISTING

IAPMO Research and Testing, Inc. is a product certification body which tests and inspects samples taken from the supplier's stock or from the market or a combination of both to verify compliance to the requirements of applicable codes and standards. This activity is coupled with periodic surveillance of the supplier's factory and warehouses as well as the assessment of the supplier's Quality Assurance System. This listing is subject to the conditions set forth in the characteristics below and is not to be construed as any recommendation, assurance or guarantee by IAPMO Research and Testing, Inc. of the product acceptance by Authorities Having Jurisdiction.

The most updated information on this Certificate of Listing is available online at pld.iapmo.org

Effective Date: March 2018 -Rev. 6/1/2018- Void After: March 2019

Product: Drinking Water Treatment Units – PFOA & PFOS File No. W-10895

Issued To: Paragon Water Systems, Inc.
13805 Monroes Business Park
Tampa, FL 33635

Identification: The product packaging shall be marked with the model number and

- a) the manufacturer's recognized name, trademark, or other mark; or
- b) in the case of private labelling, the name, trademark, or other mark of the customer for whom the fitting was manufactured.
- c) a functional description of the system (e.g., chemical reduction)
- d) maximum operating temperature in degrees C (degrees F)
- e) maximum working pressure in kPa (psig)
- f) for activated carbon systems: "Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system."

Additionally, commercial modular manifolds shall have a permanent plate or label affixed in a readily accessible location on the system that shall contain, at a minimum, the following information:

- g) the statements "Not for residential use. Food service applications only. To be installed by an
- h) authorized plumber or an authorized representative of the manufacturer only";

Chairman, Product Certification Committee

CEO, The IAPMO Group

This listing period is based upon the last date of the month indicated on the Effective Date and Void After Date shown above. Any change in material, manufacturing process, marking or design without having first obtained the approval of the Product Certification Committee, or any evidence of non-compliance with applicable codes and standards or of inferior workmanship, may be deemed sufficient cause for revocation of this listing. Production of or reference to this form for advertising purposes may be made only by specific written permission of IAPMO Research and Testing, Inc. Any alteration of this certificate could be grounds for revocation of the listing. This document shall be reproduced in its entirety.

IAPMO RESEARCH AND TESTING, INC.

CERTIFICATE OF LISTING

-Rev. 6/1/2018-

Void After: March 2019

Product: Drinking Water Treatment Units - PFOA & PFOS

File No. W-10895

Issued To: Paragon Water Systems, Inc.

- i) statement that this modular element is NOT for use in residential applications;
- j) statement that spent adsorption media will not be regenerated and used.

Characteristics: The point-of-use activated carbon drinking water treatment systems and reverse osmosis systems addressed by this standard are designed to be used to reduce PFOA and PFOS that may be present in drinking water (public or private), which are considered health hazards.

Products are to be installed in accordance with the manufacturer's instructions and local codes.

Products listed on this certificate have been tested by an IAPMO R&T recognized laboratory. This recognition has been granted based upon the laboratory's compliance to the applicable requirements of ISO/IEC 17025.

Products are in compliance with the following standard(s):

NSF P473-2016
